CR 'Village Framework' – Community as whole system

COMMUNITY
We Care
RENEWAL

Current Condition
silos

Relational Foundation

Alternative Future
"revillagize"... complex adaptive system...

Blind to reality
Rational materialistic self-interest
Distrust Economy
Hopelessness / deficit mindset
Silo'd Crises increasing
Vicious Cycles of decay

...Where we are...

How will we get there?

Virtuous cycles of growth fueled by trust
Moving toward equity
Creativity gains / diversity assets
Abundance through relationships
Agile response to opportunities & stresses
Activities rooted in relational foundation
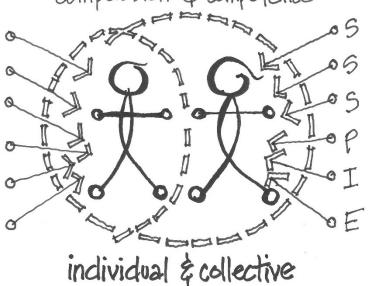

...Where we are going...

...What will we do...
to create the **environment** that grows **persons** producing **society** for the **world** we need ?

How
...Relationships (+/-)= Us...

...WHOLENESS...
compassion & competence

What could we do?

individual & collective

COMMUNITY
We Care
RENEWAL

...**We grow to potential wholeness thru (+) relationships**...We cannot grow wholeness alone...

...Society = system of (+) relationships... **Apply & scale the rules of positive relationships...**

...**Everyone shares a capacity to care... Caring together can ever-renew society...**
