HIGHLIGHTS

A warm welcome to the Circle of Caring luncheon was graciously extended by Nina Marie. Community leaders shared their experiences with the Circle:

- Take winning off the table.
- Make relationships a priority and listen passionately to others.
- Make sure you pay attention to the context. Learn how to trust each other's distrust.
- It is hard to embrace vulnerability, as it requires trust.
- Allow space for transformation and change to take place.
- Disasters magnify both the good and the bad in our communities. In spite of the bad, people step up when it's brought to light.
- The organizations that make up NLA Interfaith often respond to disasters. In order to take care of one another, we built a physical and social infrastructure ahead of time.
- The greatest commandment of all is to Love your neighbor as yourself. Getting to know your neighbor is the first step.

Thanks for coming and invite others to attend our meetings!
