HIGHLIGHTS

Nina Marie, welcomed the Circle of Caring leaders and thanked them for being a part of this amazing journey. Our awesome presenters provided us with many challenges to strive for:

- It is up to me to be the change I want to see in the world.
- Be inspired to go out and make the changes we want to see in Shreveport, not just talk about them.
- Communication is the key to being involved.
- Relationship building: how do we do it? The way to come together is to build on a common goal, a common vision, and that begins here in this room.
- Target certain demographics so that we can see the impact more clearly.
- Participate in events that bridge the gap and bring people together.
- Be demonstrators and not necessarily role models.
- To make things possible, provide opportunities for exposure.
