# HIGHLIGHTS

Start Corporation and Metropolitan Circles provide essential services to communities:

- Our motto at Start Corp is "housing first" and then referrals.
- Applicants for services must be between the ages of 18 and 61, have Medicaid, have a disability, and receive services such as those provided by the Philadelphia Center.
- As part of the case management process, clients are educated and goals are set in order to achieve permanent housing.
- Goals are achieved through education or living skills.
- Whether you're young or old, Metropolitan Circles offers something for everyone.
- Counseling and therapy sessions are tailored to reflect today's world dynamics.
- Our services include psychosocial rehabilitation, community psychiatric support, medication management, psychotherapy, trauma-informed therapy, and much more.
- The ultimate goal is to equip everyone, regardless of age, with the tools they need to live a fulfilling and purposeful life.
