HIGHLIGHTS

From Community Liaison Nina Marie

- This year, we are focusing on being more intentional.
- We are creating a Common Agency that will include all Circle of Caring members.
- We will be able to schedule events and see other events that are happening in our community.
- This will be a great way for the Circle of Caring to support each other and connect with other organizations.
- As a result we will be able to see what organizations are doing, which will help to provide a better network.
