HIGHLIGHTS

Our Community Liaison Nina Marie welcomed everyone to the Circle of Caring breakfast.

- Community Renewal International's David McCarter and Kim Mitchell shared details about an App that will be exclusive to Circle of Caring.
- The Circle of Caring strives to build and grow positive and caring relationships.
- As we continue to bring businesses, churches, organizations, and individuals together for one cause, the App will help coordinate schedules.
- This app will also serve as a directory and will have a calendar where you can add your own information. With the calendar, you will be able to see all upcoming events, and you will be able to plan accordingly.
- A major feature of the app will be the ability to upload upcoming events and to plan to attend them. This will be an excellent tool for keeping up with community events.
- Please stay tuned for updates as the app continues to be fine-tuned. We look forward to collaborative possibilities within the Circle of Caring community.
