Evening Mixer at Casa Jimador

HIGHLIGHTS

The Circle of Caring kicked off an Evening Mixer with host Nina Marie. Nina expressed that CoC works specifically with businesses, Churches, and organizations. We come together to see what we can do collectively and together.

- We're stronger together!
- Celena Strickland and Nicole Shelby presented a wealth of information from the City of Shreveport Community Development Workforce Caddo American Job Center.
- Their office is becoming the one stop center where people stop and not have to go all over the city to get services that they need.
- Services offered include Veteran services, Louisiana Rehab, reemployment which is for people that have filed for unemployment, a computer lab for those that come in and look for work, vocational training, small business opportunities, and other trades.
- The goal is that when people come to this one place, they will be able to find a lot of the services. If we don't have it, then our main objective is to be able to know the resources or the place to point them in the right direction to get the services that they need.
- It is just a matter of people knowing where to go to get the things that they need. **Check them out!!**

NLTCC's Mission

Northwest Louisiana Technical Community College is a public institution of higher education that provides high-quality academic, workforce training, and transfer opportunities through the delivery of associate degrees, technical diplomas, and certificates that inspire students to enter today's competitive global workforce.

Northwest Louisiana Technical Community College does not discriminate on the basis of race, color, national origin, gender, age, religion, qualified disability, marital status, veteran's status, or sexual orientation in admission to its programs, services, or activities, in access to them, in treatment of individuals, or in any aspect of its operations. Northwest Louisiana Technical Community College does not discriminate in its hiring or employment practices.
